## Complimentary CEU Webinar Series

Veritext works with the most talented court reporters in the profession and recognizes their passionate desire to continue learning and improving their skills over the course of their careers. Understanding the high demands placed on court reporters and their limited availability to attend an educational event in person, Veritext is proud to offer convenient, complimentary Continuing Educational Webinars for reporters across the country.

1 hour (0.1) NCRA CEU approved credit is complimentary and submitted to the NCRA on your behalf by Veritext. Additional state credit may also be available in AL, FL, GA, IL, MO and TX. Following each CEU, Veritext provides attendees with the appropriate certificate of attendance and required materials to submit for state credit.
